Hi Paul,

We already significantly reduced the sidewalk cleaning a couple of years ago when you mentioned that you were going to having your building staff clean more. The level of trash in the area is still a major issue.

More importantly the sidewalk cleaning is the whole area and each zone as a whole which includes sidewalks, gutters, curbs, parkways, weeding, graffiti and bulky item removal, etc). The sidewalk cleaning is not just around specific buildings.

Additionally the district is getting and trying to attract new residents every day so the trash is going to be a bigger issue in the future.

At this point I might suggest taking a look at it next year.

Hi Paul,

Please see the attached 2018 budget. There will be a 1% (approximately -\$5,000) reduction in the FY 2018 budget.
